Director of Multidisciplinary Clinical
Research Center for Adrenal Diseases,
West China Hospital

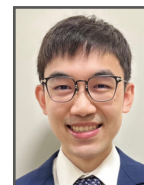

Prof Fen-Che, Kuan
Professor in Oncology,
Chang Gung Memorial Hospital

Dr. Pi Yi Chang
Director of Interventional Radiology
of Taichung VGH

Prof Edward Chu
Honorary Clinical Assistant
Profession in Radiology,
Queen Mary Hospital

Dr Ryan Yung
Princess Margaret Hospital,
Hong Kong

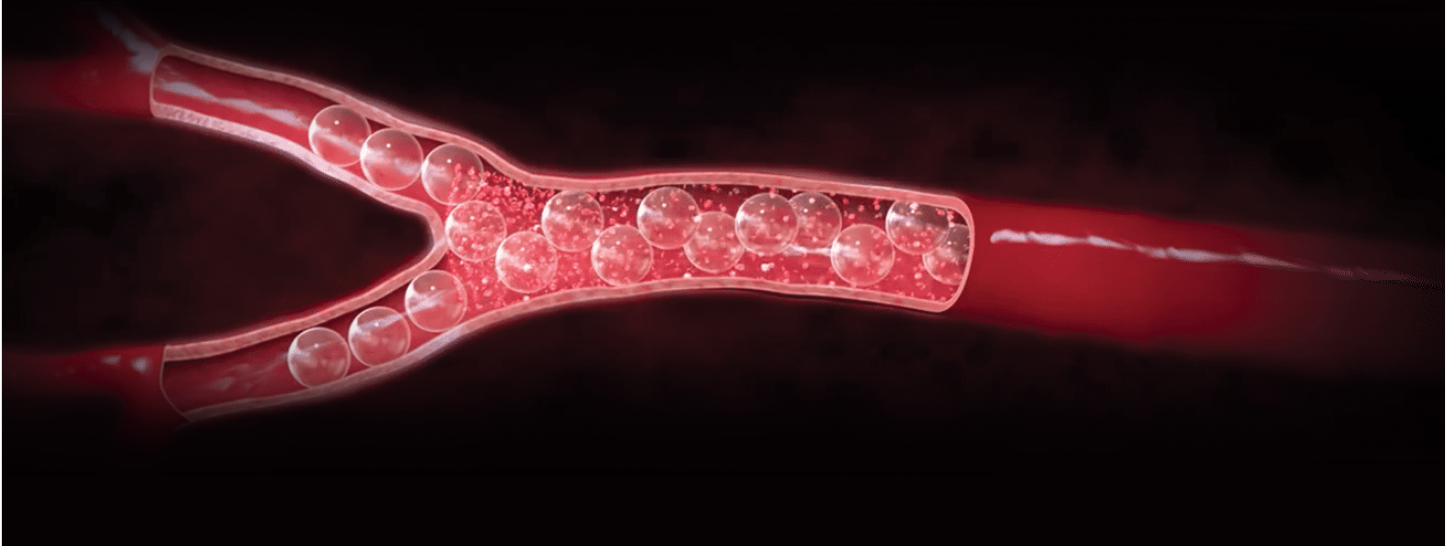

Dr Nguyen Thai Binh
Radiologist, Radiology Center,
Hanoi Medical University Hospital

Dr Liang Shao-Yen
Attending Physician,
Taichung Veterans General Hospital

ThinkEmbolics Month

OUR COMMITMENT TO Embolotherapy & Solution!

Merit is committed to physician education and training. We aim to bring the Experts from Europe, North America and Asia together to address the current challenges in Embolotherapy and to provide its Clinical Significance in Hypervascular Tumors, Metastases to Liver, Renal Tumor, Woman Disease and Beyond. This program is for Interventionists, and will be dedicated to the use of Embosphere and HepaSphere for the solutions to various diseases. This year, both online and offline meetings along with ThinkEmbolics Month will start from June. The 8-hours online course and the 24-hours offline workshops combine high-impact didactic presentations, imaging review, procedural tips & tricks and Embolotherapy procedures, to provide an immerse educational experience. It will focus on current clinical evidence, technical tips and tricks, and focus group discussion with the experts in order to provide the latest trend and a comprehensive exposure to Embolotherapy.

Upon completion of this course, participants would have

- Obtain good understanding of clinical evidence and the latest trend in Embolotherapy
- Understood the relevant anatomy and predictors of success
- Confidence in handling various Embolotherapies & Advances
- Learnt about "Tips & Tricks" in various Embolotherapies from the experts
